Courses Offered

The college offers **Four Year Undergraduate Programme (FYUGP)** under **National Education Policy (NEP) 2020** framed by the Sikkim University, wherein the student has to pass in eight semesters within a course period of four years. College follows a common academic calendar issued by Sikkim University. The semester system facilitates intense academic focus and prompt evaluation system. The semester system tracks and maintains an individualized performance record of all the students and teachers through a system of continuous evaluation.

The four-year undergraduate programme consists of different categories of courses such as major, minor, multidisciplinary, ability enhancement course, skill enhancement course, value added course, internship, and the research project/dissertation that are aimed to offer the students a comprehensive learning experience that blends the disciplinary knowledge with a multidisciplinary focus along with the scope for developing skills and research competencies.

The undergraduate degree will be of either 3 or 4-year duration, with multiple exit options within this period, with appropriate certifications, e.g., a certificate after completing 1 year in a discipline or field including vocational and professional areas, or a diploma after 2 years of study, or a Bachelor's degree after a 3-year programme. The 4-year multidisciplinary Bachelor's programme, however, shall be the preferred option since it allows the opportunity to experience the full range of holistic and multidisciplinary education in addition to a focus on the chosen major and minors as per the choices of the student. The Structure of FYUGP is given below:

1 st year	Certificate
2 nd year	Diploma
3 rd year	Bachelor's degree
4 th year	Bachelor's degree with Research

Provision of direct Ph.D. after completing 4th year of Bachelor's degree.

Multiple Entry and Multiple Exit (MEME)

★ Flexibility in Your Academic Journey

One of the most significant features of NEP 2020 is the provision for Multiple Entry and Multiple Exit (MEME). This means students are no longer forced to complete the entire programme in one stretch. You may exit at a designated point with a valid qualification, and re-enter later to continue your education.

Exit Options — UG Programme

Table 6: Multiple Exit Options in the FYUP

Exit After	Credits	Award	Conditions
Year 1 (Sem 2)	40	UG Certificate	Candidates may exit after First Year with minimum 40 credits plus additional skill-enhancement courses. Candidates with back papers will not be awarded certificate.
Year 2 (Sem 4)	80	UG Diploma	Candidates may exit after Second Year with minimum 80 credits plus additional skill-enhancement courses. Candidates with back papers will not be awarded diploma.
Year 3 (Sem 6)	120	Bachelor's Degree	Candidates may exit after successful completion of three years with minimum 120 credits. Candidates with back papers will not be awarded degree.
Year 4 (Sem 8)	160	Bachelor's Degree with Honours/Research	Awarded after successful completion of four years with minimum 160 credits as per programme requirements.

Re-Entry Provisions

- Students who exit at any point may re-enter the programme within the validity period of their credits (7 years) stored in the Academic Bank of Credits (ABC).
- Re-entry is subject to seat availability and approval from the institution.
- Lateral entry is permitted at Year 2 and Year 3 subject to availability and merit requirements.
- At the time of re-entry, students must fulfill any additional curriculum requirements in effect at that time.

Following are the major subjects offered at Sikkim Government College, Rhenock:

- Economics
- Education
- English
- Geography
- History
- Nepali
- Political Science
- Sociology
- Mathematics
- Statistics
- Psychology
- Computer Science
- Commerce

The multidisciplinary courses are intended to broaden the intellectual experience of the students and form part of liberal arts and science education. These courses are introductory-level courses that encourage students to explore areas beyond their core discipline, fostering interdisciplinary perspectives. The students must study three multidisciplinary courses of three credits each in the first, second and the fourth semesters respectively. The three courses are to be selected from each of the broad disciplines given below. Depending on the availability of resources, the institutions can decide on the number of courses to be offered under the each of the five broad disciplines in the semester I, II and IV.

SWAYAM: (Study Webs of Active-Learning for Young Aspiring Minds) is a programme initiated by Government of India and designed to achieve the three cardinal principles of Education Policy viz., access, equity and quality. The objective of this effort is to take the best teaching learning resources to all, including the most disadvantaged.

A key innovation in our curriculum is the mandatory integration of Massive Open Online Courses (MOOCs) through the **SWAYAM and NPTEL** platforms. This strategic move enhances accessibility and broadens learning opportunities, allowing students the flexibility to opt for preferred elective courses in advanced topics and the latest technologies. Our academic framework encourages multidisciplinary studies while providing clear pathways for specialization, embodying the core principles of the National Education Policy (NEP) through a flexible system that enables seamless student mobility, including multiple entry and exit points. Students may earn up to 40 percent of the total credit of the programme from SWAYAM or any other Platform. The selection of the course(s) from SWAYAM is subject to the availability and the 75 percent content similarity with the existing courses in the department. The credit and the grade earned by the students in the particular course will be transferred and added in their mark statement.

The department will announce the availability of MOOCs. Students may opt the SWAYAM course(s) by prior intimation to the department. The Swayam mentor will provide the details of the courses available through MOOCs. Students should give a declaration that in case he/she fails in the proctored examination conducted by SWAYAM he/she may be allowed to pursue the same course from the department as a reappear.
